WORD LIVING

WELCOME TO WORD LIVING MARCH 2020

We give praise for the opportunity to share the word of God with you.

FAMILY DESIGNED TO MAKE A DIFFERENCE CONTINUES!

WELCOME – and what a blessing we have received to see the third month of 2020. We continue our theme, to encourage you of the importance of family. We have outlined the role of the family members in prior months. You may download or read those letters on our website. All information is provided free.

This month we look at the issues facing our family today and what it means to future generations.

The family is the foundational institution of society ordained by God. It is constituted by marriage and is composed of persons related to one another by marriage, blood or adoption. The family is a fundamental institution of human society. Genesis 2:20-25, 4:1.
The Bible defines family as - the first place where children can find out about love respect, forgiveness, faith, trust, honor, accountability and responsibility.

That being said, what happened to the family? What happened to the foundation that was designed to show the love of God and represent/obedience for his will on earth? What happened to the order and vows of marriage? What happened to accountability, responsibility and love? Where did it go? And why do we continue to repeat the same actions expecting a different outcome?

Yes, I am a product of history and my views are different, but the key is, my views line up with the word of God that has never failed. My investment in Jesus, which is an individual assignment, has never failed in these 70 years. Has the road been easy? NO! Have I received all I asked for? NO!

Yes, there were tears, hurts, pains, disappointments, and questions I asked my Jesus, but looking back, I can see that He was there all the time and through it all, He provided what I needed.

Without a perfect earthly family, God provided his love and direction through His word, Sunday School, Bible study, praying seniors, community fellowship, and the rod of correction that is now replaced with bars and shackles.

When Satan began to chip holes in the family, he knew the foundation would erode and the decline would be slow but inevitable. The little perks that came with living free, living together without the commitment of marriage, added a new meaning to “benefits without commitment.”

But what of the family? Remember - The Bible defines family as the first place where children can find out about love respect, forgiveness, faith, trust, honor, accountability and responsibility.

Our choices, that brought a thrill for a few, for a season, has become a well of tears as we visit the prisons and/or mourn our loss.

In our busyness and desire to please the flesh, we removed the word of God from our life because it did not conform to our needs and desires. Worship was replaced as a work or rest day.

We allowed our children to make choices without explaining the possible outcome. We permitted them to disrespect the home, elders, and decide if they wanted to attend church or school.

We failed to read the Bible or follow its directions. We allowed money to be our God no matter the cost. We have broken all the commandments and wonder why things don't work out.

By example, we say money, house, car, clothes, etc. is key no matter what you need to do to get them.

Parents have used their children's Social Security number to get charge cards and other purchases leaving debt for them to pay.

We have broken every rule to get ahead only to be a slave to the system designed by man to broaden the gap between wealth and poverty. As long as we, seek the plan of man, we will never know the joy and peace that comes when we yield all to the design and plan of our savior – Jesus Christ.

Never too late to make a change. Today is available!
