WORD LIVING

DECEMBER 2019

WELCOME TO WORD LIVING 2020

We give praise for the opportunity to share the word of God with you.

FAMILY DESIGNED TO MAKE A DIFFERENCE!

We pause to share with you a message from our archives dated December 2010. The message was a reminder of how easy it is to be distracted from the main focus of an event and in time you see how far we have come.

WHY SANTA STILL DOMINATES CHRISTMAS DECEMBER 2010

WELCOME – and what a blessing we have received to see another month and enjoy the celebration of our Lord and Saviors birth. Thank you for the

opportunity to share a word from the Lord with you. Our Lord is coming soon. We must do all we can to talk, walk and live for Jesus so others will seek Him as Savior and Lord.

We have been talking about various subjects that support this year's theme – "Living Without Compromise."

The question, why did you leave me, was selected to provoke your thinking, Get real – Let's Run the Race, was selected to encourage you and this month, the subject is A Call to Action.

Why Santa still dominates Christmas is purely economics. You see, the bottom line is companies want to make money and money drives their marketing strategy. If a product is not a moneymaker, it is toss for one that is. Jesus is not a moneymaker, but Santa is. Now my question is, if we who know and love Jesus were following stewardship to the max and only purchased gifts that pointed to the realness of Jesus, would we see a difference in the products of choice? The answer is YES!

Economic gain as always been a concern for some in fact, Act 16 noted the masters were not concern for the damsel (the girl or young unmarried woman) they were concern about making money. In Acts 19, the men were not concerned with the truth, but the continuation of self-wealth. And. the civil rights movement, notes the excerpt from its history file, "By this point, some members of Montgomery's business community were becoming frustrated with the boycott, which was costing them thousands of dollars because blacks were less likely to shop in downtown stores. Although they were as opposed to integration as the next white Montgomery resident, they realized that the boycott was bad for business and therefore wanted the boycott to end."

There are many examples of economic greed that has been the driving force behind many decisions and that mentality, sad to say, will continue to plague the world until Jesus

comes back. However, in our own segment/home, where we live, we can make a difference.

Perhaps you have not noticed the change because Satan kept the change subtle. Even though Santa, for the most part, is not believed to be true, the image is still and even more so today the drawing economic visual in most advertisement.

Jesus, whose birth we celebrate, has been moved out of plain view if anything with his name is even in the store at all. Christmas cards, many are so general that they express nothing of our savior's birth. It is those nothing cards that are visible and the priced low.

Let me provoke your thinking so you can take action as you enjoy this most wonderful celebration of the birth of Jesus our Lord and savior.

SATAN - in Christianity, the enemy of God, the lord of evil, the tempter of human beings and the one who distracts us from focusing on the truth of Jesus.

SANTA - Christmas personified as a jolly old man with a white beard and a red suit who brings presents to children.

JESUS – our only hope, whose birth is the greatest gift to all, who deserves our full focus, and praise at all times.

What if you move the N in the name SANTA what do you see? SANTA SA_TA SATAN
